Som Ugandas diktator Idi Amin har Forest Whitaker "en av de store rolleprestasjonene i moderne filmhistorie" (The Wall Street Journal). Associated Press kaller den "uten tvil verdig en Oscar". Vi får Amins utrolige historie, sett gjennom øynene til Nicholas Garrigan (James McAvoy) Den unge skotten blir den ustabile lederens livlege, delvis på grunn av Amins uventede lidenskap for skotsk kultur. Amin utnevner til og med seg selv til den siste kongen av Skottland. Forført av Amins personlighet og blindet av dekadanse blir Garrigans drømmeliv etter hvert et mareritt av svik og galskap som han ikke kan flykte fra. Den gripende og spennende filmen er inspirert av virkelige mennesker og begivenheter, og i tillegg full av rolletolkninger du aldri vil glemme.
